## India-UK Business School Dialogue 16-17 September 2025

**AMDISA** and **Chartered Association of Business Schools (CABS), UK** have agreed to establish a strategic framework for a formal dialogue between UK and Indian business schools with the aim of increasing transnational education activity between them, beginning with a two-day conference event in New Delhi in September 2025.

The inaugural **India-UK Business School Dialogue** will bring together Deans, Directors and Vice Chancellors from Indian and UK business schools to build mutually beneficial and long-lasting Transnational Education (TNE) partnerships.

Being launched by the UK's Chartered Association of Business Schools, the dialogue is supported by the British Council who will be hosting a Stakeholder Reception on Monday 15 September 2025 for delegates, and the wider higher education community.

### Why attend the India-UK Business School Dialogue?

As a leader of an Indian business and management school, the dialogue will offer you a unique opportunity to develop your transnational education partnership with the UK:

1. **Explore your next opportunities with UK business schools in an efficient, streamlined and sustainable two-day conference**

The two-day programme combines targeted networking opportunities with a wealth of knowledge and best practice, providing an efficient way to make genuine progress with your collaborative TNE projects with UK partners.

2. **Meet new TNE partners through facilitated networking sessions**

Participants will be able to request facilitated meetings with like-minded UK business schools throughout the event.

3. **Deepen your knowledge of the UK business school regulatory and policy landscape**

Hear from UK governmental bodies, regulators and fellow higher education leaders to understand the current regulatory and operational landscape in the UK to help you make the most of current opportunities, and benefit from best practice on setting up successful partnerships.

## Who will attend?

Joining the inaugural India-UK Business School Dialogue there will be:

- Over 80 senior representatives from around 40 UK business schools, responsible for their institution's international strategy.
- Key and high-profile stakeholders, including government bodies, regulators, and higher education experts from both India and the UK.

The India-UK Business School Dialogue has been developed with the support of two special advisory groups from Indian and UK business schools chaired by:

- Professor Debashis Chatterjee, Director, IIM Kohzikode *and*
- Professor Pawan Budhwar, Associate Deputy Vice Chancellor International, Aston University.
