About FORE School of Management

Foundation for Organisational Research and Education (FORE) is committed to the advancement of Management Education, Research, Training and Consultancy. Incorporated in 1981, as a non-profit institution, FORE has been working with industry and academia for developing new domains of managerial thought and education and contributing to building leaders in today's global business environment.

Located in the heart of South Delhi, FORE provides contextual learning and helps in the development of students as thinking professionals, who have the ability to meet the future challenges of tomorrow's corporate leaders. The programmes develop multiple skills including managerial decision-making, problem-solving, analytical reasoning, communications, creativity and innovation.

FORE takes pride in its professional and high-quality faculty, modern infrastructure, technology and resources- be it in the fields of General Management, Human Resource, Finance, Operations, Marketing, Information Technology, Economics and International Business.

About the Conference

The finance & accounting area of FORE School of Management invites the participants to the International Conference on Changing Landscape in Banking and Finance: Disruptions, Innovations, and Regulations from 25th November to 26th November 2022. The conference mode is hybrid (Online as well as offline). The specific aim of this conference is to provide a valuable forum for academics, professionals, entrepreneurs, and researchers to discuss the emerging trends in the banking and financial sector. The integration of the financial markets and the effect of globalization on systematic risk, the use of technology in the fields of banking and finance, the effectiveness of domestic and international regulatory structures, the performance of innovative and entrepreneurial firms, use of big data by fin-tech firms, use of artificial intelligence in trading are some of the areas which are transforming the banking & financial sector world-wide. This conference provides opportunities for both the presenters and participants to exchange new ideas and experiences, establish research relations, and find global partners for future collaboration. We invite high-quality original theoretical/ applied empirical papers from faculty members, research scholars, and industry practitioners.
